

# Lyre 2018

Space... Listening - Moving - Exploring

22-27 July in Zeist, Netherlands

## Seventh World Lyre Conference!

We offer a varied program around this theme. Each morning the plenum starts with movement and improvisation, after this there will be many interesting workshops to follow in the morning and in the afternoon. At the end of every afternoon there is room for free initiatives and an open stage. There will be room to play (together), to perform, to talk, to listen. Did you work on something in the last 3 years, which you want to share? Come and show it!

The evenings promise to be beautiful with concerts, a lecture and an evening on which we all will play a new piece, composed for this event!

## Youth Lyre Workshop

We welcome all young lyre players to a special lyre workshop for youth only, age 12 to 21 years. In the morning we will explore rhythm, sound, improvisation and music. We mainly focus on the lyre, but you are most welcome to bring other music instruments as well. In the afternoon other activities will be offered.

## Travel information

The Stichtse Vrije School is easy to reach by both car and public transport. Participants can fly to Schiphol Airport (AMS) or Eindhoven Airport (EIN) and take the train to the conference location.

## Meals

We offer a very nice meal package that includes organic lunches and dinner during the whole conference. You can book it on the registration page. We do not offer breakfast.

## Language

The main language of the conference will be English. If you need translation into another language, we ask that you arrange the translations with those who are attending from your country.

## Accommodation

Accommodation is not included in the Conference registration, participants will have to book for themselves. There are several hotels in the neighbourhood that have rooms available for participants of the Lyre Conference. They have limited spaces, so make sure to reserve as soon as possible if you want to make use of them.

We published a list of a couple of the hotels in the neighbourhood on our website. We also pre-reserved a nice StayOkay-hostel in Utrecht-Bunnik, just 9 km from our conference centre. It is a group-accommodation with rooms for 4 - 12 people, max. 135 participants can stay here. There will be a shuttle-service to the conference centre in the morning and evening.

## Financial assistance

We ask that you turn to your local resources for financial assistance before contacting us.

We do consider requests for financial aid, but we have limited resources available.

**The Fourth Lyre Pedagogy Conference will be in Zeist Netherlands:**  
During this special conference we want to create a colourful space in which work methods and questions can be shared with each other. There will also be a lecture about the seven life processes and their connection to learning and teaching.

In this way we want to inspire each other and (hopefully) create new insights for the participants own teaching practices.

The Pedagogy Conference will take place just before the general conference, from friday evening July 20th until sunday afternoon July 22th.

**The lyres at the conference will be tuned a=432 Hz.**
